DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

2. Claims 1-7 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by Falzone et al. (US 6,641,008). In Figures 1 and 2, Falzone clearly teaches the invention of Applicant's Figures 1A and 1B. In Figures 5-7, Falzone clearly teaches the manner in which such a load carrier is used, as Applicant has shown in Figures 2-4.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art made of record teaches other known load carriers.
